Creating your vision in metal since 1948

Aluminum Supply Company, Inc. (ASCO) is a family-owned distributor and fabricator of metal products. Founded in 1948, the original concept was to create a one-stop wholesale depot for aluminum building supplies and accessories. ASCO continues to expand; with new machinery and evolving staff skills. The quality of our products, enhanced with attentive customer support, brings you the ASCO Advantage.

FABRICATION

Aluminum Supply's fabrication team is an experienced, skilled group. Regardless of difficulty, this department turns out quality end products in a timely fashion.

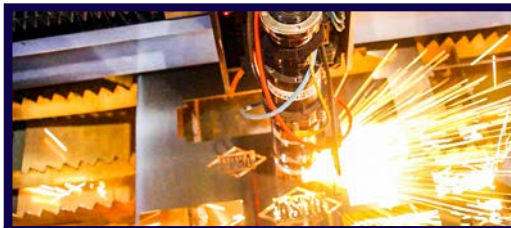

SPECIALIZING IN:

Architectural Building Products

Coping	Flashing
Wall Panels	Trim
Sills	Jams
Gutters	Column Covers
Soffit	End Caps

Specialty Metal Products

Assembled Products	Enclosures
Hood Vents	Structures
Tables	Prototypes
Frames	Railing
Décor	

LASER

FIBER OPTIC LASER CUTTING

MATERIAL CAPABILITY

Aluminum (3003)	.025" - 1/4"
Mild Steel	28 GA - 1/2"
Stainless Steel	28 GA - 1/4"

BRAKE

STANDARD TOLERANCE: 1/64"

MATERIAL CAPABILITY

Aluminum (3003)	.025" - 1/4"
Mild Steel	28 GA - 7 GA
Stainless Steel	28 GA - 10 GA

WELD

QUALITY JOINING

Our talented welding crew works to join and blend materials, creating hidden seams in a variety of materials and thicknesses.

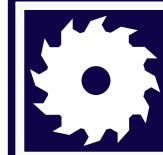

SHEAR

STANDARD TOLERANCE: 1/32"

MATERIAL CAPABILITY

Aluminum (3003)	.025" - 1/4"
Mild Steel	28 GA - 1/4"
Stainless Steel	28 GA - 12 GA

SAWCUT

CUT & RIP

With bandsaws, tables saws, jig saws, circular saws, radial arm saws, chop saws, angle grinders, reciprocating saws, and jig saws.

V-GROOVE

Sharp 90° bent corners.

COMPUTER AIDED DESIGN

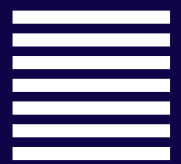

Our CAD Planning & Estimation department has worked on thousands of projects requiring custom fabricated metals. From simple flashing to complex panel systems, this is where your vision in metal begins.

FINISHING OPTIONS

ANODIZED

Our inventory includes clear, champagne, and light, medium, and dark bronze anodized, as well as bright and bright brushed clear anodized sheets.

These finishes are also available on extrusions, many of which are in stock.

PAINT

We stock over 30 standard colors, including metallics and Energy Star®, on a variety of sheet thicknesses. In addition, we work with certified applicators to provide custom colors in the same warranted, high-performance finishes on both sheet and extruded products.

BRUSHING & POLISHING

Our metal finishing partners transform your product's surface to fit the application.

ALUMINUM

- ▲ Anodized
- ▲ Mill Finish
- ▲ Painted
